## PREFACE.

---

The long interval which has elapsed since the publication of the last Volume of ART PRICES CURRENT calls for little explanation. As our readers are well aware the Great War and its aftermath compelled many Publishers to suspend publications, ART PRICES CURRENT among the number. Conditions affecting the cost of production having become somewhat easier the Publishers have lost no time in resuming the publication, although they have been compelled to raise its price. It is their intention to issue succeeding volumes at short intervals until the arrears have been overtaken.

The present volume is of exceptional interest as indicating the effect of the fall in the value of money upon auction prices. In the first year of the War prices showed considerable depreciation, but as our record shows this depreciation was more than made good in the following year.

Indispensable to all  
ARTISTS, ART COLLECTORS,  
AGENTS, DEALERS, etc.

# THE YEAR'S ART 1922

"Growing bigger annually. It is also growing better . . . For those who have to do with art and artists the volume is simply indispensable, and **it is valuable not only for current use, but as a record. In short, we do not know what we should do without it.**"—ATHENAEUM.
